

ECO4500BO

Product description: cylindrical 4500 litre bunded oil tank

Product Information

Height	Diameter	Outlet	Brimful capacity	Fill Point	Weight	Security
1825mm	2200mm	1" BSP (bottom)	5100 litres	2" overfill prevention valve	165kg	Lockable lid

PRODUCT NOTES:

Sizes approximate, owing to shrinkage

- The tank must be sited on a level, fully supporting concrete base, min. 2800mm
- The tank must be installed according to current regulations, taking siting restrictions and base construction into careful consideration. The tank must be installed and inspected annually by a Competent Person. (For more information on Competent Persons, visit www.competentperson.co.uk.) Failure to comply with these requirements will invalidate the warranty.

PRODUCT DETAILS:

- Suitable for the storage of Kerosene (C1/C2), Fuel Oil (A2) and GasOil/Diesel (D) as defined in BS2869 and BSEN590 including up to 10% biofuel to BSEN14214
- Made from UV stabilised virgin polymer
- Designed and manufactured in the UK
- Bunded oil storage to protect the environment
