

IBC BUND WITH GRID, FRAME & COVER

Product code: ECOIBC/PE-COV

Product description: IBC bund with grid, frame and cover, suitable for external use

Product Information

Height	Width	Length	Weight
2500mm	1440mm	1440mm	105kg

PRODUCT NOTES:

- IBC bunds must be sited on level, fully supporting base
- If unsure, please call to check material compatibility with product stored

STORAGE BASICS:

- Clearly label individual containers with details of contents and any hazard they pose
- Display warning signs, e.g. appropriate hazardous substances symbols (pictograms), at access points to dedicated stores
- Store different materials separately so they cannot mix if a leak occurs (this is a legal requirement for some substances - see HSE guidelines)
- Only keep the minimum working quantity of materials on site
- Protect storage from extremes in weather whenever possible, e.g. sunlight, frost
- Keep storage areas away, or isolated, from on-site drainage, surface waters and groundwater and vehicle routes.

PRODUCT DETAILS:

- Heavy duty IBC bund with grid, 100% polyethylene with the latest UV stabilisation package
- Sturdy lightweight frame manufactured from 26.9mm galvanised tubing
- 1.5mm galvanised roof supports
- Heavy duty 560gsm PVC weather resistant cover
- High quality front zips
- Heavy duty side release buckles & webbing roll ups
- Flat packed frame

These premium IBC bunds with frame & cover provide an all-weather external storage solution for 1000L IBCs. Rotationally moulded sumps are protected from rainwater & contamination. The lightweight, sturdy frame is constructed from 26.9mm galvanised tubing to ensure corrosion protection & is easy to assemble on site. Roof supports, made from 1.5mm galvanised sheet, prevent rainwater pooling. The weather resistant cover is manufactured from heavy duty 560gsm PVC, fully hemmed with eyelets every 500mm all round. Two high quality front zips can be opened quickly. Heavy duty side release buckles & webbing roll ups ensure ease of access. The frame provides 400mm clearance, plenty of room for pumps or monitoring equipment.

BENEFITS:

- Protects the workplace, environment and personnel
- Designed for the safe external storage of IBCs
- Bund protected from rainwater and contamination
- Easy to assemble frame

COMPLIANCE

- Compliant with the 110% bund regulations
- No drainage points to compromise the bund
